UPAEP is located just two blocks from the touristic Juarez Avenue and a few blocks from Puebla's historic downtown which is considered an UNESCO World Heritage Site, being comprised of buildings of colonial architecture. Our Campus has a very attractive location; we could say that it is an urban campus; it is located in the middle of the city, just a few blocks from the historic downtown. This is ideal for the student who wants to know the real and daily Mexican life. Also, the UPAEP campus is perfectly aligned with the public transportation and towards different point of the city. There are many shopping centers, movie theaters, and night club nearby.

LOCATION OF PUEBLA CITY

Puebla is located in the heart of Mexico, in the country's central zone, just 127 kms (70 miles) Southeast of Mexico City, near Veracruz, Acapulco, The Mayan Riviera and other cities.

Puebla is the fourth largest metropolitan city in Mexico, with a population of nearly two million people, and is considered the city of the student, and one of the most important, beautiful and peaceful cities in the country, due to its history and the industrial development. Puebla is a good place to acquaint oneself to Mexican traditions and culture.

Services & Facilities

UPAEP's campus has much to offer to international students including cultural and sports activities.

The international students may participate in several social activities through the International Affairs Department, such as: The Welcome Lunch, Farewell dinner, free Latin dance class, international experience competition, trips to Mexico City and Oaxaca and more activities organized by our UPAEP students (International Student Club) who are committed to integrating international students into the university and are always glad to help the international students with anything and introduce them to life in Puebla. Any International student can ask for assigned student "buddies"
