## 5 Weeks Intensive, Non Degree seeking

### 【Overview】

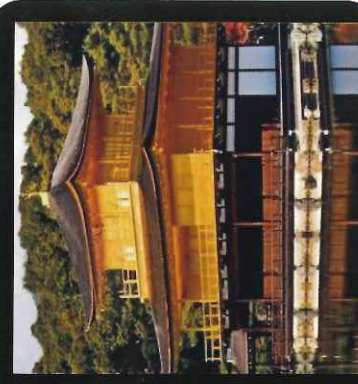

The Ritsumeikan Summer Japanese Program (RSJP) and Ritsumeikan Winter Japanese Program (RWJJP) are designed for undergraduate or graduate students with minimal knowledge of the Japanese language, providing a comprehensive introduction to Japanese language and culture.

RSJP and RWJJP programs consist of two major components. Participants are enrolled in an intensive Japanese language class which provides them with a thorough introduction to the language. Students also participate in Japanese Studies classes to learn about Japanese culture and take part in field excursions.

### 【Japanese Language】 **Maximum 15 students / class**

Japanese Language classes are conducted for three hours every weekday morning, maintaining a general balance between conversation, reading, and writing, with goal of improving overall communication skills. Lectures in class will focus on topics such as business, history, society and traditional culture to gain an understanding of the finer aspects of Japanese culture. Program participants will create a strong foundation for their future studies of Japanese through these lessons.

### Taught in Japanese

### 【Japan Studies / Culture】

Japan Studies classes are held two to three times a week. In addition to the lectures on Japanese culture held in the Japanese language classes, participants are given the opportunity to take part in various fieldwork excursions and receive special lectures on Japanese culture from masters who are well respected in their field in order to reinforce what they have learnt.

### Important Dates
